Subject preference indicator for 1st Year 2020/2021.

Dear Parent/Guardian,

We hope you are all well and we welcome you into our school community. We look forward to being a partner in your child's education over the coming years.

All junior cycle students at Coláiste Pobail Osraí study:

Irish, English, Maths, Science, History and Wellbeing.

Four other subjects are chosen in November after having taster modules in different subject areas:

French, German, Business Studies, Art, Music, Woodwork, Technology, Home Economics and Geography. (A foreign language is compulsory.) (All running, subject to interest)

To work out the subject bands we need to get an indication as to the preferences now so we can figure out what subjects will be offered and/or opposite each other.

Every student will be given an opportunity to sample all subjects and make a considered choice in November, where there will be an opportunity again to give preferences, but we need to set the options now based on the student's feedback.

1. Please go to school website of www.osrai.ie and click on  (or go to osrai.vsware.ie) to fill in the subject options before 1st July. More info on using VS on Information sheet.

2. Click on the link on left hand side of page.

3. Fill out, in order of preference, starting with first choice through to seventh choice.

Information re subjects available on http://www.ncca.ie/en/Curriculum_and_Assessment/Post-Primary_Education/Junior_Cycle/Fact_sheets/Junior_cycle_fact_sheets.html

We will do our utmost to accommodate all choices but sometimes it may not be possible as subjects are going to be opposite each other and space in some subjects may be an issue.

Le mór meas,
